

The Catawba County Sheriff's Office is pleased to announce the implementation of the Dock Watch Program. The Dock Watch Program is designed to assist lake area residents with a reasonable means of security by utilizing not only the Sheriff's Office Lake Patrol Unit, but also the residents themselves. Together with aggressive patrols, and the cooperation of trained citizens helping to keep watch, we can make a positive difference in the deterrence of crime, as well as boating violations on our county's lakes.

Huffman
Sheriff

The Dock Watch Program consists of two separate categories; a Commercial / Community dock category, and a private dock category. The following lists the distinction between the two.

Commercial / Community category

This category is for Commercial and Community docks such as, marina's, private community docks and public accesses.

1. Classes offered to educate the public.
2. Officer and Public assistance in watching the docks.
3. Foot patrols by lake patrol officers on the dock
4. Numbered signs on the docks for the ease of identification during emergencies.

Private Docks

This category is for Private dock owners.

1. Classes offered to educate the public.
2. Officer and Public assistance in watching the docks.
3. Numbered signs on the docks with the 911-address number for the ease of identification during emergencies.
